ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

The department during 1941 answered 38 calls: 28 chimney fires, 5 building fires, 2 brush fires, 2 truck fires, and 1 oil burner fire. This is the largest number of calls received in any one year. As usual, chimney fires account for about two-thirds of the fires. Of these, chimney fires, five set fire to the buildings around unused thimble holes and defective flues.

Our only major fire of the year destroyed the Malfet and Boynton places on Sugar Hill and occurred under conditions which made the saving of any part of either place impossible. With this exception, our record for the year is good. All other fires were kept confined to small extent and damage. One forest fire in the southwest part of the town threatened to spread under bad conditions but was confined to about 20 acres after a stiff battle in which practically all of the department's equipment was used.

The water hole appropriation was spent in cleaning out and deepening the holes at Turner's, Marshall's, Mabel Eastman's, Clinton Grove and Leon Reade's corner. The brush was cut and fences fixed at several more water holes. Several additional holes should be provided at places having no present water supply. The dam at North Weare improves the situation in that village.

The company held twelve monthly meetings and six drills during the year. An auxiliary fire company was formed in December as a defense measure and consists of 4 companies with a total of 25 men. This auxiliary force has had 8 training sessions and will complete the course prescribed by the State Defense Council. -

Several members of the regular department and the auxiliary have taken the Red Cross First Aid Course.

During the past year we added the following equipment: 2 short extension ladders to the trucks at East and South Weare for use inside buildings; 500 feet of 1½ inch fire hose; a hose coupling machine with which we have put 12 lengths of damaged hose back in service; 4 brass back pack pumps; and some other small tools. A telephone was installed in the fire station at the Center and was of considerable value in getting quick location of alarms.

Moving the siren on to the town hall made it more effective in getting out the Center company.

The uncertain condition of the flood control project in East Weare has delayed the building of a fire station at that village. It is hoped that this may be built during the coming year as the conditions under which that truck is kept are very unsatisfactory and it is far too expensive to rent a building.

The present war emergency presents many new problems to the fire department and it is with some pride that we can look upon our local organization and its equipment as being well able to cope with whatever fire problems we may encounter.

We wish to thank all who have assisted the department during the past year and hope to render even better service in the future.

Respectfully submitted,

GERALD H. HIGHT, Chief,
Weare Volunteer Fire Department.

RECORD OF SCHOOL MEETING, 1941

At a meeting of the inhabitants of the School District in the Town of Weare, qualified to vote in District affairs, holden at the Town Hall in said District on the 29th day of March, 1941, at two o'clock in the afternoon.

The meeting was called to order by Charles F. Eastman, Moderator, and proceeded to the transaction of business as follows:

The warrant was read by the Moderator.

Article 1. On motion of George Sawyer, voted that the clerk cast one ballot for Charles F. Eastman for moderator, which was done and the said Charles F. Eastman was declared elected moderator, and in open meeting took the oath of office prescribed by law.

Article 2. On motion of Franklin Flanders, voted that the moderator cast one ballot for Gertrude W. Osborne for clerk, which was done and the said Gertrude W. Osborne was declared elected clerk, and in open meeting took the oath of office prescribed by law.

Article 3. Nominations were made for a member of the School Board as follows: Mabelle C. Jacobs and Roland A. Barnard. The whole number of ballots given in was 107, upon which Roland A. Barnard had 39 and Mabelle C. Jacobs had 68, and the said Mabelle C. Jacobs was declared elected a member of the School Board for the ensuing three years, and in open meeting took the oath of office prescribed by law.

Article 4. Bert O. Sawyer was nominated for treasurer by Florence Flanders; it was voted that the clerk cast one ballot for Bert O. Sawyer for treasurer, which was done, and the said Bert O. Sawyer was declared elected treasurer.

Article 5. On motion of Gerald Hight, voted that the salaries of School Board and officers be the same as in the past.

Article 6. No action taken.

Article 7. On motion of Alfred Osborne, voted that the accounts of the School Board be audited by the town auditors.

Article 8. On motion of Frank H. Peaslee, voted that we raise \$16,562.27 for support of schools.

Article 9. On motion of Franklin Flanders, voted that the sum of \$250.00 be raised for repairs to the Sugar Hill schoolhouse.

Article 10. On motion of Frank H. Peaslee, voted that the School Board be authorized to sell the Waterman schoolhouse, so called.

Article 11. On motion of Roland A. Barnard, voted that the School Board be authorized to sell the school house at Dearborn Tavern, so called.

Article 12. On motion of Theodore W. Flanders, voted that the School Board be authorized to re-locate the Buxton schoolhouse.

On motion of George Gunn, voted that all carpenter work and painting on schoolhouses in Weare be done by voters in the Town of Weare.

The minutes have been read.

On motion of Florence Flanders, voted that this meeting be now adjourned.

To the School Board and Citizens of Weare:

It is with pleasure that I submit my first annual report as Superintendent of your schools.

Schools opened last fall with several new teachers. Miss Josephine Lyon of New Boston, a graduate of the University of New Hampshire, was engaged to teach English and French in the high school. Her predecessor, Miss Doris Eckhart, resigned to be married. Last December, Miss Lyon resigned to be married. She was replaced by Miss Wilma Lunt of Rochester, also a graduate of the University of New Hampshire.

George Murray of Newport, Maine, a graduate of the University of Maine, replaced Edward Currier as mathematics and science teacher after the latter gave up his position to enter industry. Mr. Murray resigned in January to enlist in the United States Coast Guard. Miss Leona Batchelder of Weare is completing the year.

Miss Hope Lincoln of Enfield is teaching home economics in place of Miss Margaret Schneider who resigned to accept a position in Quincy, Massachusetts. Miss Lincoln graduated from Keene Teachers' College last June.

Miss Margaret Robinson of Medford, Massachusetts, a graduate of the State Teachers' College at Lowell, replaced Miss Gertrude Harney as teacher at Weare Center.

Miss Mildred Irving of Lawrence, Massachusetts, also a graduate of the State Teachers' College at Lowell, was engaged to teach at Sugar Hill after Miss Nellie Malfet resigned to accept a position in Beverly, Massachusetts.

Miss Ruth Stafford of Worcester, Mass., replaced Miss Frances Leach at East Weare. Miss Leach was married last summer. Miss Stafford is a graduate of the State Teachers' College at Framingham, Massachusetts.

The enrollment last year as will be seen by the table at the end of this report was 259. This year to date 230 have been registered. The decrease has been in South Weare, the Center and East Weare.

The school lunch program, with the use of Surplus Commodities and a small charge for the cost of supplementary food, is operating very successfully for the benefit of all the schools in town. A hot noon meal is served each school except Sugar Hill where facilities are lacking for a complete program. Pupils' lunches there are supplemented by some food cooked elsewhere and by uncooked Surplus Commodities.

All elementary schools have been equipped with the most modern of first grade reading materials. Many outmoded or worn books have been replaced. Several minor repairs or replacements of equipment have been effected. The schools are in good condition generally, and are functioning efficiently.

The age for entering the first grade is five years and eight months, or six years on or before the next January first. This is a standard generally recommended in New Hampshire and followed by most school districts.

Detailed information concerning Weare High School will be found in Headmaster Osgood's report. Spirit, discipline, and achievement in the high school are excellent under his leadership.

Schools will be affected in many ways by war conditions. War is no respecter of individual needs. Already there is a shortage of teachers. The draft and defense boom with inflated living costs, which compel low salaried teachers to accept better wages in business and industry, are responsible for this. The result is keener competition everywhere to secure and keep good teachers. Looking beyond the immediate danger to our children's educational welfare, we must realize that effective education is the bulwark of democracy in the future. When our young people leave our schools to take their places in society we want them to be well equipped to face the

competition of modern living. Under these circumstances we should endeavor to keep good teachers as replacements will be difficult.

The cost of textbooks and supplies has already increased. Shortages in materials are developing. We may have to spend a little more for books and supplies. At the same time we must try to conserve on their use by steady effort to eliminate any waste or abuse of materials.

True patriotism can be shown by teachers and pupils alike in making the most of what we have and doing the best job possible in the face of difficulties.

The cooperation being shown by parents, other citizens, and members of the school organization is of great value to our schools and is very much appreciated.

Respectfully submitted,

HARLAN E. ATHERTON,
Superintendent of Schools.

REPORT OF HEADMASTER WEARE HIGH SCHOOL

February 2, 1942.

Mr. Harlan Atherton, Superintendent of Schools:

Dear Mr. Atherton:

I herewith submit my annual report as Headmaster of Weare High School. This report deals briefly with the following topics:

Registration and attendance; Home Economics; Agriculture; Student Council; Physical Education and Health; Other Activities and Graduates.

| | 1941-1942 | |
|------------------------------|-----------|----------|
| | Jr. High | Sr. High |
| No. pupils enrolled | 38 | 66 |
| No. transferred or withdrawn | 1 | 4 |
| No. not absent or tardy | 3 | 10 |
| Per cent attendance | 97 | 95.7 |

Our per cent attendance for last year was about the same as that for 1939-40; a fraction of a point below the average for the state. We have at present an average of only .6 tardiness per pupil as compared with our average of last year of 1.1 and as compared with the state average of 1.1.

Our attendance records indicate whole-hearted effort on the part of both pupils and parents in keeping up with or above the state average. Pupils not absent or tardy last year were:

Perfect attendance this year to date includes: Phyllis Ilsley, Mary Fisk, Allen Ilsley, Gertrude Reade, Ruth Philbrick, Evelyn Perkins, Vera Aston, Dorothy Fisk, Richard Dumm, Ellen Bean, Gerald Gilman, Robert Royal, Wendell Purington, Blanche Reade.

Home Economics: The courses offered by the Home Economics Department this year are: The Home, Its Care and Management for the Junior and Senior girls; Clothing and Textiles for the Freshman and Sophomore girls, and Homemaking for the Junior High girls.

The "home management" group included in its study the selection, furnishing and management of the home; also, home finances, mechanics and grounds.

Among the units studied by the clothing class were: personal grooming; care of clothes; shopping for clothes; and clothing selection, construction and renovating. A Red Cross project provided additional experience in clothing construction.

The course taken by the seventh and eighth grade girls was a more general study of home economics, adapted to the specific interests and abilities of the pupils of that age. Concluding the foods unit, the group successfully planned, prepared and served nutritious breakfasts and luncheons.

The new electric refrigerator was greatly appreciated. The laboratory equipment was augmented by dishes, a silex coffee pot, cooking utensils and pinking shears.

Visits were made to pupils' homes by the Home Economics teacher for the purpose of becoming acquainted with the parents and to help the pupils with their home projects.

The general exhibit of the Home Economics Department won second place at the Hopkinton Fair, some girls receiving individual awards of cash prizes.

Agriculture: We have at present twenty-nine boys taking vocational agriculture. Their supervised practice programs continue along the enterprises most characteristic of our community with quite an increased interest in dairying and small fruit. The increased interest in dairying is due possibly to a larger representation from the Sugar Hill section of town. We are looking forward to more activity in gardening and small fruit with the continued interest in poultry raising. Last year four boys

harvested approximately three thousand quarts of strawberries from thirty-seven hundred plants set.

Our present national emergency has caused in our agricultural shop work an increased emphasis on the care and repair of farm tools and equipment. Much time has been spent in reconditioning chisels, axes, hammers, etc., in addition to work on plows and gasoline motors.

Our local chapter of Future Farmers of America took its usual active part in exhibiting and other vocational agricultural activities at Hopkinton Fair last fall. The boys won \$57.00 in individual cash prizes in addition to first place in their shop and agricultural exhibits and first place in manual training. Instead of receiving cups as usual, the groups decided to pool their interests and take the cash allowed in place of the cups and bought, with the help of each of the other organizations in the school, a combination radio-victrola. The Weare Chapter of Future Farmers of America participated in the State Future Farmers of America radio broadcasts from W. F. E. A. in Manchester, in the State judging contests and the state agricultural prize speaking contest at which our representative, Starvro Chagrasulis, won first place and represented the state at the regional contest at the Eastern States Exposition in Springfield, Mass.

The National Defense Shop Program in Auto-Mechanics, to which has been added a unit in oxygen-acetylene welding, continued this year for Out-of-School-Youth.

Physical Education and Health: This program has been conducted for the physical well being of the pupils as well as to build up and maintain a spirit of good sportsmanship, promotion of team work and cooperation and to make better coordination between "mind and muscle." Regularly scheduled periods have allowed for calisthenics and other supervised playground activities during the spring and fall for grades 7 and 8. Members of the basketball squads were given physical examinations by a medical doctor and regular visits and examinations have been made by our school nurse. The radio-victrola, ping-

pong and basketball utilize the pupils' time during lunch periods.

Other Activities: Assembly programs, school socials and public plays presented throughout the year provide for pupil participation in the various activities which are so important to supplement the regular classroom work. The annual yearbook "The Reflector" provides for pupil experience in business management and writing as well as to afford an opportunity to present the more detailed accounts of our school activities to the public.

We have concentrated on drill in the fundamentals by utilizing short periods in English classes for penmanship, diagnostic and remedial reading, and spelling; drill in arithmetic has been carried on in mathematics classes and Junior Business Training.

Graduates: A brief survey of our recent graduates indicates that they have the ability and the desire to find for themselves a useful place in society. Of the twenty-four graduates of the past two years six are in a post-secondary training institution, six are working as a result of post-secondary training which they have received, six are otherwise usefully employed and three are in the army.

Again I wish to express my appreciation for the whole-hearted cooperation which I have received from the Superintendent, School Board, Teachers, Parents, Pupils and other citizens in making our efforts successful.

Respectfully submitted,

JONATHAN A. OSGOOD,
Headmaster Weare High School.

REPORT OF SCHOOL NURSE

Record of the annual physical examination and follow-up work for the year 1940-1941.

The number of pupils affected at the time of this examination:

Defective vision 26 — number of defects corrected 22.

Defective teeth 93 — number of defects corrected 50.

Diseased tonsils 9 — number of defects corrected 4.

Cases of communicable diseases:

There were 3 scarlet fever cases in August, 1941.

There were 17 whooping cough cases during the summer of 1940-1941.

One pupil had her eyes examined at the Hanover eye clinic.

Four pupils attended the heart clinic at the Elliot Hospital, two of these have been examined at this clinic at regular intervals.

One pupil suffered a broken arm.

There were two appendectomy cases.

The audiometer test was given in May, 1941.

Dr. Backus examined the basketball team in the fall of 1940.

Dr. Fraser examined the basketball team in the fall of 1941.

A dental clinic was held November 6 and 7, 1941. Dr. Bethel of Manchester was the operator. About 60 children received dental care.

The use of the Surplus Commodities has been available in the Weare schools these past two years.

The children pay a small sum which helps supply added articles of food. It was interesting to note that when the children were weighed, nearly all showed a gain of from 6 to 10 pounds.

EDITH G. WALKER,
School Nurse.
